State of California—Health and Human Services Agency  
**California Department of Public Health**

**Information and Education Program  
Request for Applications (RFA) #19-10004**

EDMUND G. BROWN JR.  
*Governor*

**Addendum #1  
November 21, 2018**

This addendum modifies the target population criteria found in Part II, Program Requirements, Section A. Target Population, Reach, and Setting in the I&E RFA.

The target population criteria should read as follows:

- An urban MSSA with a 2014 CASHNI score above 200 (See Table 2 in [Appendix 1](#))

This change is reflected in the posted [I&E RFA](#).
