

# Traveling To or From California? Follow These Travel Guidelines

**Traveling to or from California? Help prevent the spread of COVID-19 by following these travel guidelines.**

## Follow CDC Travel Guidance

All travelers arriving or returning to California from other states or countries should follow [CDC travel guidance](#).

## Positive Test Result? Isolate and Take Precautions

All travelers who [test](#) positive or develop [symptoms](#) of COVID-19 should [isolate](#) and follow [public health recommendations](#).

## Make Sure You Are Up to Date on Your Vaccines Before You Travel Internationally

If you're traveling internationally, follow [CDC testing guidelines for international travel](#) before and after your return to the U.S. Follow all CDC and [California masking guidelines](#). Stay informed of [CDC travel recommendations by destination](#) that will warn you about high transmission rates in an area.

[Stay up to date with your COVID-19 vaccinations.](#)

## If You Travel Domestically, Test Before and After

If you travel domestically (within the U.S.), [test](#) as close to your time of departure as possible (no more than 3 days) before travel and test after travel. Read our [testing guidance](#).

## Wear a Mask on Public Transportation

Masking is a great way to prevent the spread of COVID-19 when using public transportation (including airports, planes, trains, buses, stations, etc.). Before you travel check your current and destination locations' [CDC COVID Community Levels](#) for their masking recommendations. Be sure to follow all local health rules, which may be stricter than statewide rules.

Read our [guidance for use of face masks](#).
