

Ryan White HIV CARE Program

Request for Application Frequently Asked Questions

- 1. We are a Federally Qualified Health Center (FQHC), are we eligible to apply for this funding opportunity?**

Yes, FQHCs are eligible to apply if there is an existing infrastructure physically located in Fresno County.

- 2. The Request for Application states that \$537,700 is the anticipated amount to be awarded to one EE in Fresno County for activities in Year One. What is the anticipated amount to be awarded in subsequent years? What is the total award amount for the full 4-year grant period?**

The anticipated award amount per grant year is \$537,700. All funding is contingent on the availability and continuation of federal funds allocated for the delivery of HCP activities.

- 3. Is it required to submit an STD 204, Payee Data Record Form, if the applicant is a non-profit hospital?**

The STD 204 is the state form that requests the taxpayer identification information from the organization. Any organization entering into contract/ agreement with the State of California must submit this form. If the applicant is a Local Health Jurisdiction, then the California Department of Public Health Form 9083 must be submitted.
