EXECUTIVE SUMMARY

Program Overview

The California Department of Public Health (Public Health), Center for Health Care Quality (CHCQ), is responsible for regulatory oversight of licensed health care facilities and health care professionals to assess the safety, effectiveness, and health care quality for all Californians. CHCQ fulfills this role by conducting periodic inspections and complaint investigations of health care facilities to determine compliance with federal and state laws and regulations. CHCQ licenses and certifies over 11,000 health care facilities and agencies in California in 30 different licensure and certification categories.

The U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (CMS) awards federal grant monies to CHCQ to certify that facilities accepting Medicare and Medicaid (Medi-Cal) payments meet federal requirements. CHCQ evaluates health care facilities for compliance with state and federal laws and regulations, and contracts with Los Angeles County Department of Public Health (LAC) to certify health care facilities located in Los Angeles County.

In addition, CHCQ oversees the certification of nurse assistants, home health aides, and hemodialysis technicians, and the licensing of nursing home administrators. These activities are funded by the State Department of Public Health Licensing and Certification Program Fund (Fund 3098), federal funds (Title XVIII and Title XIX Grants), reimbursements associated with interagency agreements with the Department of Health Care Services, and General Fund to support survey activities in state-owned facilities.

Fees Overview

Health Care Facility License Fees

Public Health publishes the "Center for Health Care Quality, Health Facility License Fees and Nursing Home Administrator Program Fees Annual Fee Report for Fiscal Year 2021-22" in accordance with California Health and Safety Code (HSC) section 1266(e) as follows:

- Publish the list of estimated fees by February 1 of each year;
- Publish a report of all costs for activities of CHCQ; and,
- Prepare a staffing and systems analysis report including:
 - The number of surveyors and administrative support personnel devoted to the licensing and certification of health care facilities;
 - The percentage of time devoted to licensing and certification activities for the various types of health facilities;
 - The number of facilities receiving full surveys and the frequency and number of follow up visits;
 - The number and timeliness of complaint investigations;
 - Data on deficiencies and citations issued, and numbers of citation review conferences and arbitration hearings; and,
 - Other applicable activities of CHCQ.

HSC section 1266(e)(1)(A) requires the calculation of fees to be based on workload by facility type.

HSC section 1266(e)(1)(E) states the fee for each category should be determined by dividing the aggregate state share of all costs for CHCQ by the appropriate metric for the category of licensure. Pursuant to HSC section 1266(e)(1)(E), CHCQ shall apply 95 percent of the annual amount collected from new licensure applications, including change of ownership applications, and late payment penalties (HSC 1266.5) to the appropriate facility type categories as a credit to determine health care facility fees for the second fiscal year. The remaining five percent shall be retained in the special fund as reserve until appropriated.

In 2018, the legislature amended HSC section 1266 to include paragraph (g) that authorizes Public Health to assess a supplemental fee (in addition to the statewide fee) to facilities located in Los Angeles County. The Los Angeles County supplemental fee accounts for the higher costs associated with the LAC contract. The Los Angeles County supplemental fee is calculated based upon the difference between the costs of regulating health care facilities licensed in Los Angeles County and the estimated costs if CHCQ conducted the licensing and certification activities. The Los Angeles County supplemental fee is incorporated in the health care facility licensing fee structure in addition to the statewide fee.

HSC section 1266 increases fees for Skilled Nursing Facilities to provide \$400,000 per fiscal year to the California Department of Aging's Long Term Care Ombudsman Program. The funds will support investigating complaints made against skilled nursing facilities and increasing the number of visits to those facilities.

Nursing Home Administrator Program Fees

Public Health publishes the Nursing Home Administrator Program fees in accordance with HSC section 1416.36(b)(1), which states that Public Health may propose fee adjustments to cover the reasonable regulatory costs to Public Health. Public Health shall publish on its internet website the proposed fee adjustments, as well as the final fee list, with an explanation of any adjustments. HSC section 1416.36(d)(1) requires Public Health to publish a report that includes:

- Estimates of costs to implement activities and estimated fee revenue;
- Recommended adjustments to fees based on projected workload and costs; and,
- An analysis containing the following information for the current fiscal year and each of the previous four fiscal years:
 - The number of persons applying for a nursing home administrator's license, the number of nursing home administrator licenses approved or denied, and the number of nursing home administrator licenses renewed.
 - The number of applicants taking the nursing home administrator exam and the number of applicants who pass or fail the exam.
 - The number of approved Administrator-in-Training (AIT) applications and the number of completed trainings.

- The number, source, and disposition of complaints made against persons in the AIT Program and licensed nursing home administrators, including the length of time between receipt of the complaint and completion of the investigation.
- The number and type of final administrative, remedial, or disciplinary actions taken against licensed nursing home administrators.
- A list of the nursing home administrator names, nature of violations, and disciplinary action taken.
- The number of nursing home administrator appeals, informal conferences, or hearings filed or held, the length of time between when the request was filed and the final determination of the appeal, and the number of administrative, remedial, or disciplinary actions taken.

Fee Methodology

Health Care Facility Licensing Fees

The licensing fees are intended to cover CHCQ's costs to develop, administer, and enforce state licensure standards and other compliance activities. To determine the statewide health care facility licensing fees, CHCQ:

- Projects the state workload percentage for each health care facility type based on mandated workload. (See Attachment 1).
- Determines the budget year adjusted Fund 3098 appropriation, including baseline adjustments and mandated credits. (See Attachment 2).
- Applies the individual workload percentage to the budget year adjusted appropriation to calculate the revenue required of each health care facility type.
- Divides the revenue required of each health care facility type by the total number of health care facilities or beds to calculate the fee.

To determine the Los Angeles County supplemental fee, CHCQ:

- Determines the state personnel necessary to complete the contracted LAC workload and the projected costs associated with these staff.
- Determines the cost of the LAC contract inclusive of the contract amount and any Public Health oversight costs (e.g., the Los Angeles County Monitoring Unit).
- Calculates the difference between the projected state personnel cost and the LAC contract cost and related oversight costs.
- Determines the revenue required of each health care facility type within Los Angeles County based on each facility types percentage of the total contractual workload.

CHCQ calculates state workload percentages for each workload activity by facility type. Workload activities include state licensing, federal certification, initial state licensure, initial federal certification, follow-up/revisits, and complaint investigations. CHCQ uses the following data to develop the workload percentages for each activity within each facility type:

- The number of open and active health care facilities.
- The state or federal mandated annualized workload frequency.

- The standard average hours obtained from the Time Entry and Activity Management (TEAM) data. These data reflect the three-year average number of hours required to complete each workload activity.
- The state workload funding percentage. This is the percentage charged to Fund 3098 based on the specific workload activity.

Attachment 1: The State Workload Percentages 2021-22 shows the distribution of state workload activities by facility type.

For 2021-22, Public Health proposes to:

1. Increase statewide fees by 9 percent for those facilities that would have received an increase based on their percentage of the state's total workload.
2. Keep statewide fees at the 2020-21 level for those health care facilities that had a decreased share of their percentage of the state's total workload.
3. Increase the supplemental fee to result in a combined fee increase of up to 35 percent for those health care facilities located in Los Angeles County.
4. The 2021-22 fees are expected to raise \$215.6 million from statewide health care facility licensing fees, and \$41.9 million from the Los Angeles County supplemental fee.

Table 1 on the following page provides the proposed 2021-22 licensing fees for each facility type.

Nursing Home Administrator Program Fees

HSC section 1416.36(b)(1) requires CHCQ to adjust the Nursing Home Administrator Program fees based on program cost. CHCQ uses a methodology that estimates the fee revenue to achieve alignment with program costs:

- Determine the three-year average of applications received (workload units) for each fee category.
- Project the annual program cost to administer the Nursing Home Administrator Program.

For 2021-22, Public Health proposes a 8 percent increase to bring the fees more in line with projected program cost of \$790,000. The fee increase will allow the program to better manage demand for various program services and to help keep up with inflationary cost increases.

Table 2 on the following page provides the proposed 2021-22 Nursing Home Administrator Program fees.

Table 1: Health Care Facility License Fee Table**Health Care Facility License Fees**
(Rounded in nearest dollar)

Facility Type	Per Facility/ Bed	2020-21 Statewide	2020-21 Los Angeles County Supplemental Fee	2021-22 Statewide	2021-22 Los Angeles County Supplemental Fee ²
Acute Psychiatric Hospitals	Bed	\$760	\$156	\$824	\$305
Adult Day Health Centers	Facility	\$8,613	\$812	\$9,345	\$1,584

Staffing and Systems Analysis

Center for Health Care Quality

HSC section 1266(e)(2)(A) requires CHCQ to prepare a staffing and systems analysis to ensure efficient and effective use of fees collected, proper allocation of departmental resources to the CHCQ's activities, survey schedules, complaint investigations, entity reported incidents, citations, administrative penalties and enforcement penalties, state civil monetary penalties, appeals, data collection and dissemination, surveyor training, and policy development.

The following tables depict information from 2019-20, which represents the last full fiscal year for which CHCQ has data.

Table 3: Number of Personnel Devoted to the Licensing and Certification of Health Care Facilities

Pursuant to HSC section 1266(e)(2)(B)(i), Table 3 shows the number of surveyors and administrative support personnel devoted to licensing and certification activities for all health care facility types. CHCQ assigned 78 percent of the authorized positions to field offices and 22 percent to other branches in headquarters.

Table 4: The Percentage of Licensing and Certification Activities by Licensed Health Facility Type

Pursuant to HSC section 1266(e)(2)(B)(ii), Table 4 shows the number of surveyor hours and percentage of time devoted to licensing and certification activities for all health care facility types.

Table 5: Surveys and Follow-up Visits Performed

Pursuant to HSC section 1266(e)(2)(B)(iii), Table 5 describes the volume of health care facility licensure and certification surveys that CHCQ has conducted. "Initial" means survey of facilities that have applied for licensure or certification. Follow-up visits include initial licensure/certification, re- licensure/certification, and follow-up visits.

Table 6: Number of Complaint Investigations by Facility Type

Pursuant to HSC section 1266(e)(2)(B)(iv), Table 6 shows the number of complaints received and how long it takes CHCQ to initiate and complete complaint investigations. Complaint investigation timeframes vary based on priority levels A through H. CHCQ triages complaints and assigns priority levels as follows:

- Levels A through D for complaints that require an on-site investigation;
 - Level A for complaints of immediate jeopardy; statute requires the investigation be initiated within 24 hours for long-term care facilities, and per policy and statute, two business days for non-long-term care facilities;

- Levels B through D for complaints of non-immediate jeopardy; statute requires the investigation be initiated within 10 days for long-term care facilities;
- Level E for complaints that CHCQ reviews and investigates without an on-site component to the investigation;
- Levels F and G for complaints that CHCQ refers to other organizations, such as the California Department of Justice;
- Level H for complaints that initial prioritization review indicates require no further action.

CHCQ considers a case complete when it has fully completed the investigation, issued any applicable deficiencies, notified the facility and complainant, and documented the complaint as completed in its database.

Table 7: Number of Facility-Reported Incident Investigations by Facility Type

Pursuant to HSC section 1266(e)(2)(B)(iv), Table 7 shows the number of facility-reported incidents received and how long it takes CHCQ to initiate and complete facility-reported incident investigations. Investigation timeframes based on priority levels A through H. CHCQ triages facility-reported incidents and assigns priority levels in the same manner as complaint investigations, as mentioned above. CHCQ considers a case complete when it has fully completed the investigation, issued any applicable deficiencies, notified the facility, and documented the facility-reported incident as completed in its database.

Table 8: Citations, Administrative Penalties, and Enforcement Penalties Issued by Facility Type

Pursuant to HSC section 1266(e)(2)(B)(vi), Table 8 shows the number of citations issued, the number of administrative penalties issued, and the number of failure-to-report penalties issued for adverse events and medical breaches. Table 8 also provides the number of appeals.

Table 9: Deficiencies by Facility Type

Pursuant to HSC section 1266(e)(2)(B)(v), Table 9 shows the total number of deficiencies issued. CHCQ may identify one or more deficiencies (violations of statutory or regulatory requirements) for a substantiated survey or investigation. The number of deficiencies reported for long-term care facilities will not match the quarterly performance metrics reports posted on Public Health's internet website due to differences in reporting periods and because the Quarterly Performance Metrics report deficiencies by survey type.

Table 10: State Civil Monetary Penalties Issued by Facility Type

Table 10 shows the total monetary amount of penalties issued.

Table 11: Detailed Adverse Event Report Category and Type

Pursuant to HSC section 1279.1, Table 11 shows the number of adverse events by 7 event categories and 28 event types.

Table 12: Adverse Event Timeliness Report

Pursuant to HSC section 1279.2, Table 12 shows the number of immediate jeopardy adverse event investigations requiring initiation within 48 hours or two business days, whichever is greater, and the number of all adverse event investigations for which CHCQ completed investigation reports on time.

Table 13: Surveyor Training Provided in 2019-20

Pursuant to HSC section 1266(e)(2)(B)(vi), Table 13 shows the number of surveyors trained for each type of training offered for CHCQ's surveyors.

Table 3 and 3a: Number of Authorized Personnel Devoted to the Licensing and Certification of Health Care Facilities

Number of Authorized Personnel for Licensing and Certification of Health Care Facilities

Health and Safety Code section 1266(e)(2)(B)(i)

This chart represents the number of positions in CHCQ, Licensing and Certification Program and LAC Contract. The following detail describes personnel function in 13 Licensing and Certification field offices statewide and 5 LAC Contract Offices:

Personnel in the Field Offices and Los Angeles County Contract

LAC contracts with the Department to conduct licensing and certification activities. Licensing and Certification Field Offices and LAC perform common functions which include: evaluating and reporting on services and conditions, cite deficiencies and issue penalties, and approve plans of correction.

¹ Classifications include: Health Facilities Evaluator Nurse, and Health Facilities Evaluator I

² Classifications include: Medical Consultant I, Nurse Consultant III and II, Pharmaceutical Consultant II, Public Health Nutrition Consultant III, Occupational Therapy Consultant, Medical Record Consultant.

³ Classifications include: Associate Accounting Analyst, Associate Governmental Program Analyst, Associate Health Program Advisor, Associate Information Systems Analyst, Associate Program Analyst (Spec.), Career Executive Assignment, Data Processing Manager I/II/III, Deputy Director, Nurse Consultant II, Health Facilities Evaluator II (Sup), Health Facilities Evaluator I/II, Health Facilities Evaluator Manager I/II, Health Facilities Evaluator Specialist, Health Program Manager III, Health Program Specialist I/II, Management Services Technician, Office Assistant, Office Technician, Program Technician, Program Technician II, Research Program Specialist I/II, Staff Programmer Analyst, Supervising Program Technician I/II, Senior/Staff Information Systems Specialist, Staff Services Analyst, Staff Services Manager I/II/III, Word Processing Technician, Chief Environmental Health Specialist III, Environmental Health Specialist III.

Notes on Method:

*Long-term care facilities require initiation within 24 hours; non-long term care facilities require initiation within two business days.

**The non-IJ column shows the number of Non-IJ complaints received that require an investigation, and the percentage of those received that Field Operations initiated within 10 working days during the respective reporting period. This includes all complaints prioritized as levels B-E by federal requirements upon intake. The initiation mandate does not apply to non-long term care facilities.

Nursing Home Administrator Program

HSC section 1416 requires the Nursing Home Administrator Program to prepare data showing license, exam, and Administrator-in-Training Program activities and administrator violations as shown in the tables for 2015-16 through 2019-20.

Table 14: Nursing Home Administrator Violations

Pursuant to HSC section 1416.36(d)(1)(C)(vi), Table 14 provides the listing of names and nature of violations for individual licensed nursing home administrators; final administrative, remedial, or disciplinary actions taken; and the fiscal year in which the action was taken.

Table 15: Nursing Home Administrator License, Exam, and Administrator- in- Training Program

Pursuant to HSC section 1416.36(d)(1)(C), Table 15 shows the number and status of applications for a nursing home administrator's license; the number and results of nursing home administrator exams taken; the number of applicants and status for the AIT; the number of administrators-in-training and nursing home administrators complaints; the number of actions against nursing home administrators; and, the number of nursing home administrator appeals, informal conferences, or hearings.

Table 14: Nursing Home Administrator Violations

	Nursing Home Administrators	15	24	32	29	25
(v) Actions Against Nursing Home Administrators ^[3]		5	1	6	10	5
(vi) Nursing Home Administrator Violations Listing		See Table 14				
(vii) Appeals, Informal Appeals, Informal conferences or Hearings ^[4]	Number of Nursing Home Administrator Appeals, Informal Conferences or Hearings Filed	1	1	0	2	6
	Time Between Request & Final Determination	1 month	4 month	N/A	N/A	4 month
	Final Actions Upheld	1	1	0	N/A	1

Data are current through June 30, 2020

[1] Application reviews are not always completed within the same fiscal year therefore the number of applied may not always match the sum of approved and denied.

[2] Sources of complaints include, but not limited to: facility, general public, victim, witness, family member, mandated reporter, ombudsman, governmental agencies.

[3] Types of actions against Nursing Home Administrators include warnings, suspensions, revocations, denials, probations, and fines as a result of complaints received.

[4] Appeals, Informal Appeals, Informal Conferences or Hearings based on substantiated complaints received.

¹ An additional \$4 fee is charged to all license skilled nursing facilities in support of the Department of Aging, Skilled Nursing Facility Long-Term Care Ombudsman program.

² The health care facility license fee does not include the Nursing Home Administrator (NHAP) program fee. The NHAP fee is a separate mandate under the provision of Health and Safety Code section 1416.36(a).

Attachment 3: Glossary**Acute Psychiatric Hospital**

A health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with section 5000) or Division 6 (commencing with section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services. (Ref: HSC section 1250(b)).

Administrative Law Judge

An official appointed by the chief state administrative law judge, and includes any other person appointed to preside over a hearing. Whenever Public Health is authorized or required by statute, regulation, due process (Fourteenth Amendment to the U. S. Constitution; subdivision (a) of section 7 of Article I of the California Constitution), or a contract, to conduct an adjudicative hearing leading to a final decision of the director or Public Health, the hearing shall be conducted before an administrative law judge selected by Public Health and assigned to a hearing office that complies with the procedural requirements of Chapter 4.5 (commencing with section 11400) of Part 1 of Division 3 of Title 2 of the Government Code. (Ref: HSC section 100171(b)).

Administrative Penalty

A civil monetary penalty in an amount up to \$125,000 per violation or deficiency constituting an immediate jeopardy to the health and safety of a patient. (Ref: HSC section 1280.1 and 1280.3).

Administrator-in-Training Program

A program that is approved by the Nursing Home Administrator Program in which qualified persons participate under the coordination, supervision, and teaching of a preceptor, as described in Health and Safety Code section 1416.57, who has obtained approval from the Nursing Home Administrator Program. (Ref: HSC section 1416.2.(a)(6)).

Adult Day Health Care

An organized day program of therapeutic, social, and skilled nursing health activities and services provided pursuant to this chapter to elderly persons or adults disabilities with functional impairments, either physical or mental, for the purpose of restoring or maintaining optimal capacity for self-care. Provided on a short-term basis, adult day health care serves as a transition from a health facility or home health program to personal independence. Provided on a long-term basis, it serves as an alternative to institutionalization in a long-term health care facility when 24-hour skilled nursing care is not medically necessary or viewed as desirable by the recipient or his or her family. (Ref: HSC section 1570.7(a)).

Adverse Event

Includes any of the following:

- (1) Surgical events, including the following: (A) Surgery performed on a wrong body part that is inconsistent with the documented informed consent for that patient. A reportable event under this subparagraph does not include a situation requiring prompt action that occurs in the course of surgery or a situation that is so urgent as to preclude obtaining informed consent. (B) Surgery performed on the wrong patient. (C) The wrong surgical procedure performed on a patient, which is a surgical procedure performed on a patient that is inconsistent with the documented informed consent for that patient. A reportable event under this subparagraph does not include a situation requiring prompt action that occurs in the course of surgery, or a situation that is so urgent as to preclude the obtaining of informed consent. (D) Retention of a foreign object in a patient after surgery or other procedure, excluding objects intentionally implanted as part of a planned intervention and objects present prior to surgery that are intentionally retained. (E) Death during or up to 24 hours after induction of anesthesia after surgery of a normal, healthy patient who has no organic, physiologic, biochemical, or psychiatric disturbance and for whom the pathologic processes for which the operation is to be performed are localized and do not entail a systemic disturbance.
- (2) Product or device events, including the following: (A) Patient death or serious disability associated with the use of a contaminated drug, device, or biologic provided by the health facility when the contamination is the result of generally detectable contaminants in the drug, device, or biologic, regardless of the source of the contamination or the product. (B) Patient death or serious disability associated with the use or function of a device in patient care in which the device is used or functions other than as intended. For purposes of this subparagraph, "device" includes, but is not limited to, a catheter, drain, or other specialized tube, infusion pump, or ventilator. (C) Patient death or serious disability associated with intravascular air embolism that occurs while being cared for in a facility, excluding deaths associated with neurosurgical procedures known to present a high risk of intravascular air embolism.
- (3) Patient protection events, including the following: (A) An infant discharged to the wrong person. (B) Patient death or serious disability associated with patient disappearance for more than four hours, excluding events involving adults who have competency or decision making capacity. (C) A patient suicide or attempted suicide resulting in serious disability while being cared for in a health facility due to patient actions after admission to the health facility, excluding deaths resulting from self-inflicted injuries that were the reason for admission to the health facility.
- (4) Care management events, including the following: (A) A patient death or serious disability associated with a medication error, including, but not limited to, an error involving the wrong drug, the wrong dose, the wrong patient, the wrong time, the wrong rate, the wrong preparation, or the wrong route of administration, excluding reasonable differences in clinical judgment on drug selection and dose. (B) A patient death or serious disability associated with a hemolytic reaction due to the administration of ABO-incompatible blood or blood products. (C) Maternal death or

serious disability associated with labor or delivery in a low-risk pregnancy while being cared for in a facility, including events that occur within 42 days post-delivery and excluding deaths from pulmonary or amniotic fluid embolism, acute fatty liver of pregnancy, or cardiomyopathy. (D) Patient death or serious disability directly related to hypoglycemia, the onset of which occurs while the patient is being cared for in a health facility. (E) Death or serious disability, including kernicterus, associated with failure to identify and treat hyperbilirubinemia in neonates during the first 28 days of life. For purposes of this subparagraph, "hyperbilirubinemia" means bilirubin levels greater than 30 milligrams per deciliter. (F) A Stage 3 or 4 ulcer, acquired after admission to a health facility, excluding progression from Stage 2 to Stage 3 if Stage 2 was recognized upon admission. (G) A patient death or serious disability due to spinal manipulative therapy performed at the health facility.

- (5) Environmental events, including the following: (A) A patient death or serious disability associated with an electric shock while being cared for in a health facility, excluding events involving planned treatments, such as electric counter shock. (B) Any incident in which a line designated for oxygen or other gas to be delivered to a patient contains the wrong gas or is contaminated by a toxic substance. (C) A patient death or serious disability associated with a burn incurred from any source while being cared for in a health facility. (D) A patient death associated with a fall while being cared for in a health facility. (E) A patient death or serious disability associated with the use of restraints or bedrails while being cared for in a health facility.
- (6) Criminal events, including the following: (A) Any instance of care ordered by or provided by someone impersonating a physician, nurse, pharmacist, or other licensed health care provider. (B) The abduction of a patient of any age. (C) The sexual assault on a patient within or on the grounds of a health facility. (D) The death or significant injury of a patient or staff member resulting from a physical assault that occurs within or on the grounds of a facility.
- (7) An adverse event or series of adverse events that cause the death or serious disability of a patient, personnel, or visitor. (c) The facility shall inform the patient or the party responsible for the patient of the adverse event by the time the report made. (d) "Serious disability" means a physical or mental impairment that substantially limits one or more of the major life activities of an individual, or the loss of bodily function, if the impairment or the loss lasts more than seven days or is still present at the time of discharge from an inpatient health care facility, or the loss of a body part. (Ref: HSC section 1279.1).

Alternative Birthing Center

A clinic that is not part of a hospital and that provides comprehensive perinatal services and delivery care to pregnant women who remain less than 24 hours at the facility. (Ref: HSC 1204(b) (4)).

Ambulatory Surgical Center

Any distinct entity that operates exclusively for providing surgical services to patients not requiring hospitalization and in which the expected duration of services would not exceed 24 hours following an admission. (Ref: 42 Code of Federal Regulation 416.2).

Appeals

Legal hearing in which a licensee may attempt to refute any citation, including the penalty assessment(s), the determination by Public Health regarding alleged failure to correct a violation or the reasonableness of the proposed deadline for correction.

Automated Survey Processing Environment (ASPEN)

ASPEN Central Office (ACO) is a Windows®-based program that enables state agencies to implement information-based administration of the health care facilities under their supervision. ACO stores data about certified facilities regulated by CMS and the regulations pertinent to those facilities. ACO includes full survey operations support, which enables agencies to centralize survey event planning, and team assignment in addition to providing access to minimum data set resident and assessment information (historical and current) and regulatory and interpretive guidelines. ACO provides survey performance reporting and integration with quality measure/indicator statistics, which facilitates inclusion of survey findings in the State Standard System.

Chemical Dependency Recovery Hospital

A health facility that provides 24-hour inpatient care for persons who have a dependency on alcohol or other drugs, or both alcohol and other drugs. This care includes, but is not limited to, basic services such as patient counseling services, and dietetic services. Each facility shall have a medical director who is a physician and surgeon licensed to practice in California. (Ref: HSC section 1250.3(a)).

Chronic Dialysis Clinic

A clinic that provides less than 24-hour care for the treatment of patients with end-stage renal disease, including renal dialysis services. (Ref: HSC section 1204(b) (2)).

Citations

Civil sanctions against long-term health care facilities in violation of state and federal laws and regulations relating to patient care. (Ref: HSC section 1423).

“AA” Citations - Violations that meet the criteria for a class "A" violation and that Public Health determines to have been a direct proximate cause of death of a patient or resident of a long-term health care facility. Except as provided in Health and Safety Code section 1424.5, a class "AA" citation is subject to a civil penalty in the amount of not less than five thousand dollars (\$5,000) and not exceeding twenty-five thousand dollars (\$25,000) for each citation. In any action to enforce a citation issued under this subdivision, the Department shall prove all of the following: (1) the violation was a direct proximate cause of death of a patient or resident. (2) The death resulted from an occurrence of a nature that the regulation designed to prevent. (3) The patient or

resident suffering the death was among the class of persons for whose protection the regulation adopted. (Ref: Health and Safety Code section 1424(c)).

“A” Citations - Violations that the Public Health determines present either (1) imminent danger that death or serious harm to the patients or residents of the long-term health care facility would result there from, or (2) substantial probability that death or serious physical harm to patients or residents of the long-term health care facility would result there from. A physical condition or one or more practices, means, methods, or operations in use in a long-term health care facility may constitute a class "A" violation. The condition or practice constituting a class "A" violation shall be abated or eliminated immediately, unless a fixed period, as determined by the Department, required for correction. Except as provided in Health and Safety Code section 1424.5(2), a class "A" citation is subject to a civil penalty in an amount not less than one thousand dollars (\$1,000) and not exceeding ten thousand dollars (\$10,000) for each citation. (Ref: Health and Safety Code section 1424(d)).

“B” Citations - Violations that the Public Health determines have a direct or immediate relationship to the health, safety, or security of long-term health care facility patients or residents, other than class "AA" or "A" violations. Unless otherwise determined by the Department to be a class "A" violation pursuant to this chapter and rules and regulations adopted pursuant thereto, any violation of a patient's rights as set forth in sections 72527 and 73523 of Title 22 of the California Code of Regulations, that is determined by the Department to cause or under circumstances likely to cause significant humiliation, indignity, anxiety, or other emotional trauma to a patient is a class "B" violation. Except as provided in Health and Safety Code section 1424.5(4) (a), a class "B" citation is subject to a civil penalty in an amount not less than one hundred dollars (\$100) and not exceeding one thousand dollars (\$1,000) for each citation. A class "B" citation shall specify the time within which the violation corrected. If the Department establishes that a violation occurred, the licensee shall have the burden of proving that the licensee did what expected of a long-term health care facility licensee, acting under similar circumstances, to comply with the regulation. If the licensee sustains this burden, then the citation is dismissed. (Ref: Health and Safety Code section 1424(e)).

Community Clinic

A clinic operated by a tax-exempt nonprofit corporation that is supported and maintained in whole or in part by donations, bequests, gifts, grants, government funds, or contributions, that may be in the form of money, goods, or services. In a community clinic, any charges to the patient based on the patient's ability to pay, utilizing a sliding fee scale. No corporation other than a nonprofit corporation, exempt from federal income taxation under paragraph (3) of subsection (c) of section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a community clinic; provided, that the licensee of any community clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a community clinic. (Ref: Health and Safety Code section 1204(a)(1)(A)).

Complaint

A report made to the state agency or regional office by anyone other than the administrator or authorized official for a provider or supplier that alleges noncompliance of federal and/or state laws and regulations. (Ref: Health and Safety Code section 1420).

Comprehensive Outpatient Rehabilitation Facility

A health facility that provides coordinated outpatient diagnostic, therapeutic, and restorative services, at a single fixed location, to outpatients for the rehabilitation of injured, disabled, or sick individuals. Physical therapy, occupational therapy, and speech-language pathology services may be provided in an off-site location. (Ref: 42 Codes of Federal Regulation sections 485.50-74).

Congregate Living Health Facility

A residential home with a capacity, of no more than 18 beds (pursuant to Health and Safety Code section 1250(i)(4)(A) a city or county operated facility delivering the same congregate living health facility services may have a capacity of 59 beds), that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social, recreational, and at least one type of the following services: services for persons who are mentally alert, persons with physical disabilities, who may be ventilator dependent; services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both; services for persons who are catastrophically and severely disabled. The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities. (Ref: Health and Safety Code section 1250(i)(1)).

Correctional Treatment Center

A health facility operated by the California Department of Corrections and Rehabilitation, the Division of Juvenile Justice, or a county, city, or city and county law enforcement agency that, as determined by the Public Health, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards who may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by Public Health. (Ref: Health and Safety Code section 1250(j)(1)).

Deficiencies

Substantiated allegations for violations of federal and/or state laws or regulations receive deficiencies that cite the violations of noncompliance.

Distinct Part

An identifiable unit of a hospital or a freestanding facility, as defined in subdivision (c), accommodating beds, and related services, including, but not limited to, contiguous rooms, a wing, a floor, or a building that is approved by the Department for a specific purpose. (Ref: Title 22 California Code of Regulations section 70027).

Electronic Licensing Management System (ELMS)

A web-based application that allows CHCQ personnel to capture potential health service providers' applications, issue licenses, generate license renewal notices, determine license fees, issue and track state enforcement actions, and generate management reports.

End Stage Renal Disease

The federal specification for a Chronic Dialysis Clinic. These facilities treat patients with End Stage Renal Disease (ESRD) and its treatment types are varied and may include the following:

Renal Transplantation Center - A hospital unit that is approved to furnish, directly, transplantation and other medical and surgical specialty services required for the care of ESRD transplant patients, including inpatient dialysis furnished directly or under arrangement. A renal transplantation center may also be a renal dialysis center.

Renal Dialysis Center - A renal dialysis center is a hospital unit that is approved to furnish the full spectrum of diagnostic, therapeutic, and rehabilitative services required for the care of end state renal disease dialysis patients (including inpatient dialysis furnished directly or under arrangement and outpatient dialysis). A hospital need not provide renal transplantation to qualify as a renal dialysis center.

Renal Dialysis Facility - A renal dialysis facility is a unit that is approved to furnish dialysis service(s) directly to end stage renal disease patients.

Facility-Reported Incident

Federal - An official notification to CHCQ from a self-reporting facility or health care provider (i.e., the administrator or authorized official for the provider).

Free Clinic

A clinic operated by a tax-exempt, nonprofit corporation supported in whole or in part by voluntary donations, bequests, gifts, grants, government funds, or contributions that may be in the form of money, goods, or services. In a free clinic, there shall be no charges directly to the patient for services rendered or for drugs, medicines, appliances, or apparatuses furnished. No corporation other than a nonprofit corporation exempt from federal income taxation under paragraph (3) of subsection (c) of section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a free clinic; provided, that the licensee of any free clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under

either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a free clinic. (Ref: Health and Safety Code section 1204(a)(1)(B)).

General Acute Care Hospital

A health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. (Ref: Health and Safety Code section 1250(a)).

Home Health Agency

A private or public organization, including, but not limited to: any partnership, corporation, political subdivision of the state, or other government agency within the state, which provides, or arranges for the provision of, skilled nursing services, to persons in their temporary or permanent place of residence. (Ref: Health and Safety Code section 1727(a)).

Hospice

A specialized form of interdisciplinary health care that is designed to provide palliative care, alleviate the physical, emotional, social, and spiritual discomforts of an individual who is experiencing the last phases of life due to the existence of a terminal disease, and provide supportive care to the primary caregiver and the family of the hospice patient, and that meets all of the following criteria:

- (1) Considers the patient and the patient's family, in addition to the patient, as the unit of care.
- (2) Utilizes an interdisciplinary team to assess the physical, medical, psychological, social, and spiritual needs of the patient and the patient's family.
- (3) Requires the interdisciplinary team to develop an overall plan of care and to provide coordinated care that emphasizes supportive services, including, but not limited to: home care, pain control, and limited inpatient services. Limited inpatient services are intended to ensure both continuity of care and appropriateness of services for those patients who cannot be managed at home because of acute complications or the temporary absence of a capable primary caregiver.
- (4) Provides for the palliative medical treatment of pain and other symptoms associated with a terminal disease, but does not provide for efforts to cure the disease.
- (5) Provides for bereavement services following death to assist the family in coping with social and emotional needs associated with the death of the patient.
- (6) Actively utilizes volunteers in the delivery of hospice services.
- (7) To the extent appropriate, based on the medical needs of the patient, provides services in the patient's home or primary place of residence. (Ref: Health and Safety Code section 1746(d)).

Hospice Facility

A health facility with a capacity of no more than 24 beds that provides hospice services. Hospice services include, but are not limited to, routine care, continuous care, inpatient respite care, and inpatient hospice care. (Ref: Health and Safety Code section 1250(n)).

Immediate Jeopardy

Federal - A situation where the noncompliance with federal laws and regulations has caused or is likely to cause serious injury, harm, impairment, or death to residents, patients, or clients.

Intermediate Care Facility

A health facility that provides inpatient care to ambulatory or non-ambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care. (Ref: Health and Safety Code section 1250(d)).

Intermediate Care Facility/Developmentally Disabled

A facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services. (Ref: Health and Safety Code section 1250(g)).

Intermediate Care Facility/Developmentally Disabled - Habilitative

A health facility with a capacity of 4 to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer persons with developmental disabilities who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care. (Ref: Health and Safety Code section 1250(e)).

Intermediate Care Facility/Developmentally Disabled - Nursing

A facility with a capacity of 4 to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated. (Ref: Health and Safety Code section 1250(h)).

Long-Term Health Care Facility

- (a) "Long-Term health care facility" means any facility licensed pursuant to Health and Safety Code Chapter 2 (commencing with section 1250) that is any of the following:
- (1) Skilled nursing facility.
 - (2) Intermediate care facility.
 - (3) Intermediate care facility/developmentally disabled.

- (4) Intermediate care facility /developmentally disabled habilitative.
- (5) Intermediate care facility/developmentally disabled nursing.
- (6) Congregate living health facility.
- (7) Nursing facility.
- (8) Intermediate care facility/developmentally disabled-continuous nursing.
- (b) “Long-term health care facility” also includes a pediatric day health and respite care facility. (Ref: Health and Safety Code section 1760).
- (c) “Long-term health care facility” does not include a general acute care hospital or an acute psychiatric hospital, except for that distinct part of the hospital that provides skilled nursing facility, intermediate care facility, intermediate care facility/developmentally disabled, or pediatric day health and respite care facility services (Ref: Health and Safety Code section 1418).

Medical Breach

The unlawful or unauthorized access to, and use or disclosure of, a patient’s medical information. (Ref: Health and Safety Code section 1280.15(a)).

Non-Long Term Care Facility

A health care facility or agency, that is not a long-term care facility (for example, a general acute care hospital, clinic, or acute psychiatric hospital), required to be licensed pursuant to state law.

Nursing Home Administrator

An individual educated and trained within the field of nursing home administration who carries out the policies of the licensee of a nursing home and is licensed by the Department. The nursing home administrator is charged with the general administration of a nursing home, regardless of whether he or she has an ownership interest, and whether the administrator’s function or duties are shared with one or more other individuals. (Ref: Health and Safety Code section 1416.2(a)(5)).

Nursing Hours per Patient Day

The number of actual nursing hours performed per patient day by nursing staff in skilled nursing facilities and intermediate care facilities. (Ref Health and Safety Code section 1276.5).

Pediatric Day Health & Respite Care Facility

A facility that provides an organized program of therapeutic social and day health activities and services and limited 24-hour inpatient respite care to medically fragile children 21 years of age or younger, including terminally ill and technology dependent children. (Ref: Health and Safety Code section 1760.2(a)).

Psychology Clinic

A clinic that provides psychological advice, services, or treatment to patients, under the direction of a clinical psychologist as defined in Health and Safety Code section 1316.5, and is operated by a tax-exempt nonprofit corporation that is supported and maintained in whole or in part by donations, bequests, gifts, grants, government funds, or contributions, which may be in the form of money, goods, or services. In a psychology clinic, any charges to the patient shall be based on the patient's ability to pay, utilizing a sliding fee scale. No corporation other than a nonprofit corporation, exempt from federal taxation under paragraph (3), subsection (c) of section 501 of the Internal Revenue Code of 1954, as amended, or a statutory successor thereof, shall operate a psychology clinic. (Ref: Health and Safety Code section 1204.1).

Referral Agency

A private, for-profit or non-profit agency, which is engaged in the business of referring persons for remuneration to any extended care, skilled nursing home, or intermediate care facility or distinct part of a facility providing extended care, skilled nursing home care, or intermediate care, for a fee. The following additional basic services are: patient screening, facility information, counseling procedures, and referral services. (Ref: Health and Safety Code section 1401).

Rehabilitation Clinic

A clinic that, in addition to providing medical services directly, also provides physical rehabilitation services for patients who remain less than 24 hours. Rehabilitation clinics shall provide at least two of the following rehabilitation services: physical therapy, occupational therapy, social, speech pathology, or audiological services. A rehabilitation clinic does not include the offices of a private physician in individual or group practice. (Ref: Health and Safety Code section 1204(b)(3)).

Rural Health Clinic

An outpatient facility that is primarily engaged in furnishing physicians and other medical and health services, and that meets other requirements designated to ensure the health and safety of individuals served by the clinic. The clinic must be located in a medically under-served area that is not urbanized as defined by the U.S. Bureau of Census. (Ref: [CMS Website](#)).

Skilled Nursing Facility

A health facility that provides skilled nursing care and supportive care to patients whose primary need is the availability of skilled nursing care on an extended basis (Ref: Health and Safety Code section 1250(c)).

Surgical Clinic

A clinic that is not part of a hospital and that provides ambulatory surgical care for patients who remain less than 24 hours. A surgical clinic does not include any place or establishment owned or leased and operated as a clinic or office by one or more physicians or dentists in individual or group practice, regardless of the name used

publicly to identify the place or establishment, provided, however, that physicians or dentists may, at their option, apply for licensure. (Ref: Health and Safety Code section 1204(b)(1)).

Survey Closure Date

The date that all activities associated with the complaint investigation are finished. This includes activities conducted at the health facility's site as well as activities conducted in the district office.
